We Are Guides To The Final Frontier

Our mission is to give every client an adventure of a lifetime. We send each and everyone of our clients on a voyage into the vast unknown, we the course set to one destination. The Moon. This trip is not for the faint or heart. This is for the thrill seeker. The adventurer. The dreamer. We are just the guides to help you get there.

Shoot for the moon. Even if you miss,
you'll land among the stars.

Space Pixie specializes in sending people into space. We aim to promote space tourism and cultivate interest for space. Giving people the ultimate experience of traveling into space once in their lifetime, we feel is one of the greatest honors we can be given.
